

MonkeyPost Platform: User Story Breakdown

This document provides a comprehensive list of user stories derived from the "MonkeyPost X Ondo Sports Ministry" proposal. The stories are categorized by the primary stakeholder (user persona) to outline the platform's intended functions and value.

The standard user story format is: **"As a [persona], I want to [action], so that I can [goal]."**

1. Persona: Young Player / Talent

- **As a** talented young footballer in Ondo State, **I want to** create a detailed player profile with my statistics, physical attributes, and personal information, **so that** I can have a "football CV."
- **As a** young player, **I want to** upload video clips of my match highlights and skills, **so that** I can visually showcase my abilities to scouts.
- **As a** player seeking visibility, **I want to** use "MonkeyCoins" to boost my profile, **so that** I appear higher in search results for scouts and teams.
- **As an** undiscovered player, **I want to** be part of a centralized, data-driven system, **so that** my talent isn't overlooked just because I live in a remote area.

2. Persona: Local Club / Team Manager

- **As a** local club manager, **I want to** register my club on the MonkeyPost platform, **so that** my club is considered legitimate by the State FA and Ministry.
- **As a** team manager, **I want to** pay the mandatory annual "legitimacy fee" through the platform, **so that** my club maintains its official status.
- **As a** team manager, **I want to** use the team management tools, **so that** I can manage my player roster and track our performance.
- **As a** team manager, **I want to** enroll my registered club in the official Ondo State Grass-roots League, **so that** my team can compete in structured, official competitions.

3. Persona: Fan / Supporter

- **As a** passionate local fan, **I want to** use the "Boardman" feature to create or accept a peer-to-peer wager on a local match, **so that** I can have a trusted escrow service hold the money.
- **As a** fan who can't attend a game, **I want to** watch a user-driven live stream of a local match, **so that** I can follow my team from anywhere.
- **As a** fan, **I want to** buy an official, authentic kit for my local team from the "i-Sale" e-commerce store, **so that** I can show my support.

- **As a** fan of Sunshine Stars/Queens, **I want to** buy my official match ticket electronically through the platform, **so that** I can guarantee my entry to the stadium.

4. Persona: Ministry of Sports / State Government

- **As a** Ministry of Sports official, **I want to** use the platform as the **sole** official club registry, **so that** we have a comprehensive, unified database of all football clubs in the state.
- **As a** Ministry official, **I want to** access a data-rich talent pool, **so that** we can improve our state-sponsored teams (Sunshine Stars/Queens) and make them more cost-effective.
- **As a** state government partner, **I want to** track the revenue generated from legitimacy fees, ticketing commissions, and levies, **so that** we can create a self-sustaining sports ecosystem.

5. Persona: Ondo State Football Association (FA)

- **As an** FA administrator, **I want to** use MonkeyPost as the mandatory platform for all club registrations, **so that** I can streamline my administrative and governance functions.
- **As an** FA official, **I want to** manage the official Ondo State Grassroots League through the platform, **so that** participation is limited to officially legitimized clubs.

6. Persona: Service Provider (Referee, Coach)

- **As an** accredited referee, **I want to** create a profile in the service provider hub, **so that** clubs and league organizers can find and hire me for matches.
- **As a** professional coach, **I want to** list my services and certifications, **so that** teams or players can connect with me for training.
- **As a** service provider, **I want to** pay a listing fee (using "MonkeyCoins"), **so that** my profile is visible in the directory.

7. Persona: Facility Owner / Manager

- **As a** local pitch owner, **I want to** list my facility and its available time slots in the marketplace, **so that** I can generate more revenue by renting it to local teams.
- **As the** manager of the Ondo State stadium complex, **I want to** use the platform as the official booking and ticketing system, **so that** we can centralize and monetize the use of our facilities.

8. Persona: Scout (Local & International)

- **As a** scout for Sunshine Stars FC, **I want to** use the platform's talent index, **so that** I can efficiently discover and monitor the best-performing players in the grassroots league.
- **As an** international academy scout, **I want to** access the platform as a formal, data-rich talent pipeline, **so that** I can identify and recruit verified talent from Ondo State.

9. Persona: Sponsor / Corporate Partner

- **As a** local business owner, **I want to** buy premium advertising space on the platform, **so that** I can market my brand to a highly engaged, targeted audience of football fans.
- **As a** national corporation, **I want to** sponsor the Ondo State Grassroots League, **so that** I can gain brand visibility and community goodwill within the state.
